

# Doga Ege Ozden

## Front End Developer

Dikili, Izmir 35980, Turkey | [dogaeegeozden@gmail.com](mailto:dogaeegeozden@gmail.com) | (+90) 530-405-9271 | [dogaeegeozden.com](http://dogaeegeozden.com) | [linkedin.com/in/doga-ege-ozden](https://linkedin.com/in/doga-ege-ozden) | [github.com/dogaeegeozden](https://github.com/dogaeegeozden)

### Technical Skills

---

JavaScript, HTML, CSS, Sass, Bootstrap, React, jQuery, Node.js, Git, SQL, Figma, Canva, MaterialUI, PHP, WordPress

### Projects

---

#### Full-stack Web Application - [Whalescape](#) | Toronto, Ontario (May 2023 - Dec 2024)

- Developed and deployed a custom web application using JavaScript, Bootstrap, and Sass, integrating Stripe for online payments, streamlining client registration, and enhancing revenue collection.
- Developed and integrated a Kanban board using JavaScript, Bootstrap and Sass, improving team productivity by 10%.
- Conducted thorough browser compatibility and performance testing across major browsers and devices, resolving UI inconsistencies and improving cross-platform stability.
- Implemented a mobile-first design approach, delivering smooth and reliable interactions across multiple devices and achieving mobile PageSpeed scores above 85.

#### Full-stack Web Application - [Tamrinotte](#) | Toronto, Ontario (Mar 2022 - Sep 2022)

- Built a responsive and interactive front-end using HTML5, CSS3, and JavaScript (ES6+), resulting in a 20% increase in user engagement.
- Designed and implemented a custom modular stylesheet framework using Sass, developing reusable mixins and component-specific style modules that reduced development time by 25% and improved code maintainability.
- Optimized front-end performance by resizing images and converting them to WebP format, reducing page load times by 30%, increasing Google PageSpeed Insights scores.

### Work Experience

---

#### Freelance Web Developer - [Doga Ege Ozden](#) | Toronto, Ontario (Aug 2020 - Present)

- Delivered custom, responsive websites for clients using HTML5, CSS3, JavaScript, and WordPress, increasing client satisfaction by 15%.
- Enhanced website performance by 10% and search engine optimization by 5%, delivering measurable results and enhancing online visibility through effective front-end optimization techniques.
- Collaborated with clients to understand their design and functionality requirements, providing tailored front-end solutions that drove business growth and improved online presence.

#### Founder - [Tamrinotte](#) | Toronto, Ontario (Sep 2022 - Present)

- Directed the development of multiple front-end projects, including single-page applications, progressive web apps, and responsive websites, using modern front-end technologies and best practices.
- Engineered accessible, responsive, and interactive UI components using HTML, CSS, and JavaScript, ensuring a seamless user experience across various devices and browsers.
- Coordinated with the design team to translate designs into functional, user-friendly interfaces, and collaborated with the back-end team to ensure seamless API integrations and data exchange.

### Certifications

---

- **JavaScript Algorithms and Data Structures (Beta)** - freeCodeCamp, June 2024
- **Responsive Web Design** - freeCodeCamp, March 2024
- **Learn JavaScript Course** - Codecademy, March 2024
- **JavaScript Essential Training** - LinkedIn Learning, September 2020
